Article Numbers: 97709, 97708

Safety Instructions:

- Only use the wedge bridge in accordance with the instructions provided.
- Do not exceed the maximum load capacity of 300 kg.
- Take particular care when using on uneven ground.
- Do not use for journeys at speeds above 5 km/h.
- Do not use as a permanently installed solution.
- Check for damage before use to avoid safety risks.
- The exchange of goods is excluded.
- Only use the wedge bridge on stable and level surfaces.
- Check the load-bearing capacity of the bridge before use to avoid overloading.
- The bridge is only suitable for step heights between 10 mm and 70 mm (with a length of 500 mm) or 70 mm and 120 mm (with a length of 650 mm).
- Ensure that the bridge is positioned correctly to prevent it from slipping.
- The wedge bridge is not suitable for children. Keep children away from using it.
- Correct assembly and handling is required to avoid injury.
