Please note the technical data of the products!

Article Number: 153488

Safety Instructions:

- Adjust the seat height to ensure safety during use.
- Make sure that the castors are suitable for use on hard floors to ensure safe movement.
- Avoid excessive strain on the chair to prevent material failure.
- Carry out regular inspections for looseness and wear of parts.
- Ensure that the chair is only used in the intended environment (production, workshop, laboratory).
