Safety Instructions:

- Only use the lashing strap in the intended area and do not overload it.
- Before each use, check the condition of the belt and the tensioning and connecting elements for damage.
- Ensure that the belt does not have any sharp edges or point loads that could cause damage.
- Store the lashing strap in a dry place protected from direct sunlight.
- Do not use the belt at temperatures outside the specified range of -40 to +100 °C.
- To avoid injury, only pull the belt tight enough to secure the goods to be transported without exerting excessive pressure.
