Please note the technical data of the products!

Article Number: 94959

Safety Instructions:

- Before use, check the stability and safety of the rolling frame to prevent it from tipping over.
- Ensure that the load capacity of 150 kg is not exceeded in order to avoid structural damage.
- Make sure that nobody is standing under or near the roller frame while you are loading or unloading it.
- Only use the roller frame on level surfaces to prevent it from tipping over.
- Carry out regular maintenance checks on the castors to ensure that they are in good working order.
