## Drum tipper for 200 litre drum

**Manufacturer/Responsible Person:** Gabriel Transportsysteme GmbH, Frielinghausen 26, 59889 Eslohe, Deutschland

**E-Mail:** info@rollcart.de

Please note the technical data of the products!

**Article Numbers:** 96003, 96002

### Safety Instructions:

- Ensure that the appliance is used on a stable and level surface to prevent it from tipping over.
- Make sure that the 200 litre drum is securely and correctly positioned on the drum support.
- Only use the drum tipper with a drum that has the recommended diameter (ø approx. 580 mm).
- Ensure that the castor brakes are engaged before tilting to prevent unintentional movement.
- Do not exceed the maximum permissible load of 200 kg to prevent damage to the appliance.
- Wear suitable personal protective equipment, e.g. gloves, to avoid injury.
- Keep hands and other parts of the body away from the edges and the tilting mechanism when tilting the drum.
- To ensure safe use, make sure that the drum tipper is only used with a 200 litre drum.
- Improper handling can lead to injuries, especially if the drum tips over.
- Avoid standing near the drum pot when the drum is tilted to prevent injuries.
- Keep the working area free of obstacles to ensure safe tipping of the drum.
