Safety Instructions:

- Attention: The location must be labelled as safe before the steel post is lifted out.
- Only lock the cylinder with a suitable key to prevent damage.
- Make sure that the ground socket is firmly anchored to prevent it from falling over.
- The weight of the post should be taken into account during handling and installation to avoid injury.
- The reflective surface must not be impaired by dirt or damage.
- Installation should be carried out in accordance with the manufacturer's instructions to ensure safety.
- Avoid contact with sharp edges and ensure that children are kept away from the product.
