Article Number: 38974

Safety Instructions:

- Check that the bollard is properly inserted into the ground socket to ensure safe use.
- Make sure that the fire brigade triangular lock is serviced regularly to ensure safety.
- Only allow authorised personnel to use the lift-down function to avoid injury.
- Ensure that no children are in the vicinity when the bollard is raised or lowered to avoid the risk of suffocation or injury.
- There is a risk of crushing injuries if handled incorrectly, so care must be taken.
