Please note the technical data of the products!

Article Number: 38383

Safety Instructions:

- Please note that the chain stand is suitable for indoor use and only temporarily for outdoor use.
- Ensure that the maximum distance between the chain stands does not exceed 2.50 metres.
- Ensure that the base is large enough to guarantee the stability of the chain stand and prevent it from falling over.
- The plastic base is filled with concrete; make sure it is not damaged to minimise the risk of it falling over.
