Manufacturer/Responsible Person: Autasi GmbH, Viehwasen 18, 70327 Stuttgart, Deutschland

E-Mail: info@autasi.de

Please note the technical data of the products!

Article Number: 38837

Safety Instructions:

- Please note that the bollard is installed at a height of 900 mm above the corridor to ensure visibility.
- Due to its weight of approx. 10 kg, the bollard can fall over or be displaced if used incorrectly.
- Use the safety lock properly to prevent the bollard from being lifted out unintentionally.
- Make sure that the ground socket is securely anchored in the concrete to ensure the stability of the bollard.
- To avoid accidents, make sure that the bollard is not installed in areas where vehicles or pedestrians frequently pass.
