Safety Instructions:

- Ensure that the support posts and railings are securely installed and stably mounted to prevent the risk of falling.
- The product should not be used as a climbing aid in order to avoid accidents.
- Wear safety goggles and gloves to prevent injuries during installation.
- The base plate must be properly anchored to ensure stability and safety.
- Correct material care is required for outdoor use to prevent corrosion.
- Use suitable protective equipment during installation or maintenance.
- Make sure that the railing is free of loose material or obstacles.
- The connecting elements must be checked regularly for safety and functionality.
