Article Number: 38650

Safety Instructions:

- Make sure that the traffic mirror is stable and correctly installed when setting it up to avoid accidents.
- Regularly check the condition of the mirror for cracks or damage that could impair visibility.
- The mirror is made of Sekurit safety glass, which disintegrates into crumbs when broken. Nevertheless, contact damage should be avoided.
- Keep the reflective edge of the mirror clean to ensure optimum visibility.
- Avoid using the mirror in areas with severe weather conditions that could affect its stability.
