

Product Safety Information

Universal tin, natural

Manufacturer/Responsible Person: Hünersdorff GmbH, Eisenbahnstraße 6, 71636 Ludwigsburg, Deutschland

E-Mail: info@huenersdorff.de

Please note the technical data of the products!

Article Numbers: 153508, 153507, 153506, 153505, 153504, 153503, 153502

Safety Instructions:

- Not suitable for use by small children without supervision in order to minimise risks. Keep away from children to minimise the risk of choking on small parts. Keep out of the reach of children.
- Not suitable for the microwave or dishwasher. Do not use in the microwave.
- Suitable for the food sector. Only use with contents suitable for foodstuffs. Clean the product before first use to remove any residues.
- Acid and chemical resistant, but not suitable for strong chemicals or intensive chemical cleaning agents. Keep products away from strong chemical exposure to avoid damage.
- Avoid use at temperatures above 80 °C and for hot food or liquids to prevent deformation.
- Keep away from strong heat sources, open flames and direct sunlight to minimise the risk of deformation and fire.
- Close tightly before use and after freezing to prevent leakage or pressure build-up in the freezer compartment.
- Do not use if the product is damaged. Check for damage before direct use.
- Make sure that the lid is firmly closed to prevent the contents from leaking.
- Do not store flammable liquids or materials in the can.
- The can can break if handled improperly; avoid blunt impacts.
