Safety Instructions:

- Ensure that the monitor arm is securely mounted to the edge of the table to prevent it from tipping over.
- Avoid loading monitor arms with heavier monitors than the maximum permissible 3.2 kg.
- Ensure that all parts are properly assembled before connecting the monitor.
- Adjust the height of the monitor regularly to minimise neck and back strain.
- Check the mounting of the monitor arm regularly to ensure that it remains stable.
- Store all cables in such a way that there is no risk of tripping.
