Safety Instructions:

- Suitable for external use only.
- Check packaging before use and do not use if damaged.
- Keep out of reach of children.
- In case of chronic or acute allergies, consult a doctor before use.
- Check first aid materials regularly for completeness and usability.
- Do not use the quick dressing on open wounds that are bleeding heavily.
- Do not place the cold compress directly on the skin to avoid frostbite.
- Not suitable for children under 3 years of age as it may contain small parts that pose a choking hazard.
- Read the first aid instructions carefully and follow them before using the product.
- Observe safety precautions, especially with scissors and cold compresses.
- Wash hands thoroughly before and after using dressing materials.
- Check packaging networks for integrity before use.
- Pay attention to allergies to certain materials in dressing materials.
- If in doubt about the appropriate application, consult a specialist.
