Article Number: 132515

Safety Instructions:

- Observe the safety instructions, as the pump is suitable for harsh chemicals such as acids and alkalis.
- Use with caution: Check the compatibility of seals and shaft with the pumped liquid.
- The pump must not be used at temperatures or pressures that exceed the specifications.
- Child safety: Keep the pump away from children to avoid the risk of injury.
- Avoid direct contact with the pumped medium; wear protective clothing.
- Read the operating instructions carefully before use.
