

Product Safety Information

Scissor roll webs, web width 300 mm

Manufacturer/Responsible Person: Blume-Rollen GmbH, Röntgenstr. 1-3, 42477 Radevormwald, Deutschland

E-Mail: info@blume-rollen.de

Please note the technical data of the products!

Article Numbers: 154807, 154806, 154805, 154804

Safety Instructions:

- Keep the area around the product clear to avoid injury.
- Ensure that the load capacity of 100 kg is not exceeded.
- Do not use the product when pulled apart without the appropriate supports.
- Avoid use on uneven surfaces to ensure stability.
- Use only by adults to minimise the risk of falling.
- Always lock the castors after use to prevent them from rolling away.
- Only use the product on load-bearing, stable and level surfaces.
- Before use, ensure that all components are correctly installed.
- Users should be well trained, especially in handling mobile and adjustable equipment.
- Safety checks must be carried out if changes are made to the design or if the device is used under different conditions.
- Never overload the product; do not exceed the maximum load capacity (100 kg).
- Use suitable protective equipment to avoid injuries.
- Ensure that the track width and load capacity are suitable for the intended applications.
- Check all moving parts for proper condition before use.
- Provide instructions for installation, use and maintenance.
- Inform the user about the maximum load capacity of 100 kg.
- Regularly check the operating height of 700 mm to 1100 mm to avoid accidents.
- The scissor roller tracks may only be used on a firm, level surface.
- Observe protective measures when using in confined spaces.
- Secure the machine against unintentional movement, especially during maintenance work.
- Protect the operator's fingers and hands from being crushed during use.
- Avoid placing or using the machine in the vicinity of children.
- Ensure that the roller conveyors and conveyor belts are correctly aligned to prevent falls.
- Follow all instructions for installation and commissioning to ensure safety.
