Article Numbers: 92095, 92094, 92093

Safety Instructions:

- Ensure a safe posture on the stairs to avoid falls.
- Check steps regularly for slip resistance and use non-slip shoes to prevent slipping.
- Only climb the stairs from a stable platform and have a firm footing.
- Do not overload the stairs and observe the maximum weight limits. Only use the stairs for their intended purpose.
- Make sure that the stairs are on a stable and level surface to avoid the risk of tipping over.
- Fully extend and lock the stairs before using them.
- Keep the area around the stairs free of obstacles to minimise the risk of falling.
- Regularly check the condition of the stairs for possible damage, signs of wear or corrosion, and use only one person at a time.
