### Safety Instructions:

- Ensure that the product is suitable for the intended use and avoid improper handling to prevent damage.
- The product is suitable for professional use and not for private use.
- The packaging and accompanying documents must contain clear instructions.
- They should be used under adult supervision to ensure that children do not play with the stacking boxes or use them as seats.
- Avoid contact of the product with hot objects or liquids to prevent material damage.
- To avoid injury, the product should be free of sharp edges or protruding parts.
- The product is not suitable for use by children under the age of three, as it could be considered a source of danger.
