Safety Instructions:

- Ensure that the sorting station is placed on a stable and secure surface to prevent it from tipping over.
- Avoid overloading the compartments to prevent breakage or tipping over.
- Keep the sorting station away from water and other liquids to prevent damage or mould growth.
- Ensure that the sorting station is used in a well-ventilated environment.
- Only use the sorting station on stable surfaces and avoid applying excessive pressure or force.
- Not suitable for children under 3 years of age, as small parts can be swallowed and there is a choking hazard.
- Only suitable for indoor use and keep out of the reach of children.
- The product is not suitable for standing or sitting.
- Follow the instructions for safe installation.
- Ensure sufficient distance from heat sources to prevent material deformation.
- Make sure that no small parts are lying around loose to avoid the risk of tripping.
- Avoid sharp objects that could damage the plastic.
- Pay attention to stability when extending to different heights.
- Check the stability of the sorting station before placing heavier objects.
