Safety Instructions:

- Choking hazard due to small parts, especially not suitable for children under 3 years.
- Magnets can pose a choking or injury hazard if used improperly and are not suitable for children under 3 years of age.
- Do not use near electronic devices, credit cards or implants to avoid interference or damage.
- Strong adhesive force: risk of injury if pulled off quickly, watch out for fingers and crushing.
- Magnets can cause scratches on sensitive surfaces if used incorrectly, therefore only use on a suitable surface.
- Ensure that magnets are not damaged to avoid the risk of injury from shards.
- Keep magnets away from small children to prevent the risk of choking and swallowing.
- Store magnets out of the reach of small children.
- Observe correct handling to avoid injury or damage. Use the ergonomic grip edge.
