Article Numbers: 440219, 440217, 440216, 440215, 440212, 440211

Safety Instructions:

- Intended for indoor use only.
- Danger due to improper installation, please follow the installation instructions.
- Maximum load per shelf: Do not exceed 25 kg to avoid damage.
- Use the locking system and safety lock to prevent unauthorised access.
- Installation and handling by trained specialists recommended.
- Supervise children during assembly and use.
- Ensure that the wall cabinet is securely fastened to the wall to prevent it from tipping over.
- Take care when opening the doors, as they can be opened up to 108 degrees - risk of accident.
- Check the cabinet regularly for damage.
- Watch out for potentially sharp edges to avoid injury.
- Do not store flammable materials in the cupboard.
- Check the wall structure before installation to ensure that it can support the required weight.
- Observe suitable safety precautions for wall mounting.
- Use of rubber buffers for noise damping and regular wear checks.
- Organise the storage conditions so that the product is not damaged.
