Safety Instructions:

- The tape measure must not be used by children to avoid the risk of injury and suffocation from sharp edges and small parts.
- Take care not to overstretch or overload the tape measure during use to avoid breakage.
- Avoid contact of the tape measure with moisture or water to prevent damage to the material and electrical components as well as distortion.
- Make sure that the tape measure does not come into contact with parts of the body during the return movement to avoid injury.
- Check the accuracy of the tape measure before use to avoid incorrect measurements.
- Only use the tape measure for its intended purpose to avoid damage and injury.
- Keep the tape measure out of the reach of children and animals to avoid the risk of injury.
- Follow the operating instructions to ensure safe use.
