Safety Instructions:

- Prevent objects from being placed on the roof surfaces of the Spinds to avoid tipping, slipping or the risk of falling.
- Make sure that the pitched roof is installed correctly to ensure stability and safety.
- The product is open at the back; make sure that no dangerous objects fall out or are in the way when opening.
- The delivery includes assembly material. Ensure that all parts are assembled correctly and that the assembly instructions are followed to avoid hazards and the risk of injury.
- Take care during installation: there is a risk of injury from sharp edges and tools.
