Safety Instructions:

- The product is not suitable for children under 3 years of age as it may contain small parts that could be swallowed. Use by children should be supervised to minimise risks.
- Avoid contact with aggressive chemicals or solvents, as this can lead to damage, including to the coating of the ring binder.
- Store the product in a dry place to prevent deformation due to moisture and to protect the quality of the material, such as the PE-coated paper.
- Make sure that the ring binder is properly closed to prevent unintentional opening and loss of documents.
- Before using the product directly, ensure that all parts are undamaged.
- The product is not designed to come into contact with liquids.
- Provide instructions for safe handling and disposal.
- In the event of damage or malfunctions, deactivate the product immediately and contact the manufacturer.
- Use the ring binder in accordance with the intended specifications to ensure optimum functionality.
