Safety Instructions:

- Risk of injury from sharp edges when lifting and moving as well as from contact with the edges of the sink unit. Avoid cutting injuries.
- The sink unit should be mounted stably and placed on a stable, level surface to prevent it from tipping over and the associated risk of injury.
- Observe the safety instructions for cleaning and use in accordance with the manufacturer's instructions.
- The installation instructions must be followed carefully during installation to ensure safety.
- Avoid breaking or damaging the material to prevent corrosion and the risk of injury.
