Article Numbers: 133838, 133837, 133836, 133835

Safety Instructions:

- Not suitable for outdoor use.
- Read the operating instructions carefully before use.
- Ensure that the appliance is placed on a stable and level surface to prevent it from tipping over.
- Electrical connections must be carried out by a qualified specialist.
- In the event of malfunctions or damage, stop operation immediately and contact the manufacturer.
- Only use the device in an environment with a temperature range of +2° to +12° C to ensure that it does not exceed the specified temperatures.
- Disconnect the product from the power supply before servicing or cleaning it.
- Avoid use in damp environments to minimise electrical risks.
- Do not install the product near heat sources or naked flames.
- Protect the cooler from direct sunlight.
- Ensure that the waste cooler is not placed near water sources to avoid the risk of electric shock.
- Dispose of the product in accordance with local waste disposal regulations.
- coolers are designed and manufactured in accordance with the applicable safety and hygiene requirements.
- Prevent injuries from direct exposure to cold through safe handling.
- Ensure that electrical components are properly installed to minimise the risk of electric shock.
- Keep the cooler away from children to minimise the risk of injury and electric shock.
