Safety Instructions:

- Avoid the risk of cuts and falls due to improper use of the furniture, in particular by ensuring correct assembly and stability of the furniture parts.
- Ensure that the load capacity of the furniture corresponds to the given conditions and that the product is not overloaded.
- Ensure that the levelling feet are non-slip and correctly adjusted to prevent tipping and the risk of falling.
- The furniture is not suitable for children under 3 years of age due to the risk of choking on small parts.
- Follow the care instructions to guarantee the longevity of the fabric cover and the furniture in general.
- Regularly check and inspect the stability and condition of furniture parts with frequent use, especially levelling feet, upholstery and partitions.
- Avoid sharp edges to prevent injury and ensure that the product is stable, especially in unsafe environments.
- Do not use in areas where liquids may be spilt to avoid the risk of slipping.
- Manufacturers must ensure that the product is accompanied by clear instructions and safety information written in plain language.
- Regularly check for wear and damage to prevent injuries.
- The product should be used in accordance with the manufacturer's instructions to minimise the potential risk of injury.
- Dispose of the product in accordance with local regulations to avoid environmental damage.
- Make sure that the anchoring of the seating elements is stable to avoid the risk of tipping over.
- Prevent excessive wear and tear when using in public areas.
- Safety instructions on the packaging or in the user manual must be followed.
