Safety Instructions:

- As well as being able to cut with the pliers, care must be taken to avoid injury from the cutting edge.
- The pliers should be kept away from children to prevent the risk of injury from improper use.
- Use only for the intended purpose; do not use for applications outside the specified functionalities.
- When using the pliers, ensure that they are held correctly to prevent slipping or injury.
- The use of personal protective equipment (e.g. safety gloves) is recommended to minimise the risk of injury.
