Safety Instructions:

- Before working on electrical components, ensure that they are de-energised, unless you are using a VDE-approved screwdriver.
- Observe the protective insulation in accordance with DIN EN 60900.
- Only use the product within the specified maximum electrical voltages (1000 V AC and 1500 V DC).
- Safe storage of the tool to prevent accidents and injuries.
- Keep the product away from children to minimise the risk of injury.
