Safety Instructions:

- Before using the appliance, check all cables for damage.
- Do not use near water or in damp environments to avoid the risk of electric shock.
- Use only recommended dust bags and filters to ensure appliance performance.
- Ensure that the Hoover is not overloaded to prevent the motor from overheating.
- The appliance must not be used by children or persons with reduced physical, sensory or mental capabilities unless they have been given supervision or instruction concerning its use.
- Do not use the appliance if it is damaged or does not function properly.
- The cable should be laid in such a way that it does not become a tripping hazard.
- Disconnect the appliance from the power supply before replacing or cleaning accessories.
