Safety Instructions:

- Before use, ensure that the appliance is properly assembled and installed.
- Pay particular attention to cable management to avoid tripping hazards.
- Clean the aqua filter box regularly to ensure optimum performance and safety.
- Do not aspirate liquids in excess of the recommended quantities to avoid overflow and short circuits.
- Make sure that no foreign objects get into the suction opening to avoid injury and damage to the appliance.
- Do not operate the appliance for long periods without supervision, especially in households with children or pets.
- If the appliance overheats, disconnect it from the power supply immediately and contact the police for safety precautions.
- Read the operating instructions carefully and follow the safety instructions.
