Article Numbers: 174313, 174312, 174311

Safety Instructions:

- Avoid using the product in damp environments or near water to prevent short circuits.
- Do not use the cable if it is damaged and ensure that there is no visible damage to the USB port.
- Keep the cable away from heat sources, sharp edges and excessive heat.
- To avoid tripping hazards, do not lay the cable across stairs or frequent walkways.
- Protect the cable from intensive physical influences, such as strong bending radii or twisting, and chemical substances.
- There is a risk of electric shock if used improperly. In the event of electrical problems, stop using the appliance immediately and consult a specialist.
