Article Numbers: 155020, 155019, 155018, 155017, 155016, 155015, 155014, 155013, 155012, 155011

Safety Instructions:

- Observe the maximum surface load of 500 kg to avoid overloading.
- Follow the assembly instructions carefully to ensure the stability and safety of the structure.
- Make sure that the height adjustment is properly secured and stable to avoid the risk of accidents and falls.
- Only use the table on a stable, level surface to prevent it from tipping over.
- Keep the work surface free of oil and other slippery substances to prevent slipping accidents.
- Avoid contact with sharp objects on the MDF board to prevent damage and injury.
- Take electrostatic discharge into account when using electrical appliances (optional accessory).
- The product is not suitable as a toy and should be kept out of the reach of children.
- The worktable height can be adjusted from 760 mm to 1080 mm to improve ergonomics.
- Regularly check the strength of all installed parts.
- Keep the work area free of unnecessary objects to avoid tripping hazards.
- Provide suitable lighting at the workplace.
- Ensure environmentally friendly disposal of the product at the end of its service life.
