Article Numbers: 70023, 70021, 70020

Safety Instructions:

- Do not lift excessive loads that exceed the maximum load capacity.
- Make sure that the drawers are inserted correctly to prevent them from falling out unintentionally.
- Avoid improper use, which could lead to injuries.
- If necessary, secure the shelves to prevent them from tipping over, especially if they are placed in high rows.
- Never leave small children playing unsupervised near the shelf to avoid injury from falling over or getting trapped.
- Caution: Contains small parts that may pose a choking hazard for children under 3 years of age.
- Ensure that the shelving is stable to avoid the risk of it falling over.
- Do not load beyond the maximum permissible load per compartment (30 kg) to avoid structural damage.
- Do not place shelves and drawers near heat sources to avoid damage.
- Do not overload the drawer shelf. Maximum weight per shelf: 30 kg and max. 240 kg in total.
- Read the safety information and instructions for use carefully.
