Safety Instructions:

- Not suitable for children under 3 years of age as small parts may be present.
- Check the product packaging and instructions for safety information before use.
- To avoid health or safety hazards, observe storage and transport conditions.
- If used improperly, sharp edges can cause injuries.
- Avoid contact with moisture so as not to jeopardise the integrity of the material. Avoid use in damp environments to prevent damage.
- Product made of polypropylene, safe to use. Should not come into contact with extreme temperatures or chemicals and should not be stored near heat sources or in direct sunlight.
- No electrical parts, therefore no risk of electric shock.
- Suitable for children, please note the appropriate age target group. Use only under adult supervision.
- For optimum safety and durability, the instructions for use should be observed. Observe the recommended use according to the manufacturer's instructions.
- Remove all packaging materials before use.
- Keep the product out of the reach of small children to avoid the risk of suffocation.
- The product does not contain any toxic substances, but care must be taken when inserting documents to ensure that no excessive force is applied to prevent tearing.
- When using the product, do not place heavy weights on it to avoid damage.
