Safety Instructions:

- Ensure that the product complies with the safety requirements of the General Product Safety Regulation.
- The product must not have any sharp edges or dangerous parts that could cause injury.
- The product should contain clear instructions for use and safety information in easy-to-understand language.
- Children should be supervised while using the product.
- The product should not be used near water sources or in humid environments.
- Not suitable for children under 3 years due to small parts.
- Avoid contact with sharp objects to prevent damage.
- Store the product in a dry place to prevent material deterioration.
- The product should not be placed in the hands of small children to avoid the risk of choking on small parts.
- Manufacturer information must be clearly labelled on the product or packaging.
