### Safety Instructions:

- The product should only be set up on stable and level surfaces to prevent it from tipping over.
- Do not overload the cabinet and only load it in accordance with the manufacturer's instructions to prevent structural instability.
- Observe the warnings and instructions for safe installation and use and follow the installation instructions carefully.
- Check the cabinet regularly for damage and remove it from service immediately if necessary.
- Pay attention to sharp edges and corners of the furniture to avoid injuries, especially in households with children.
- Smaller parts are not suitable for children under the age of 3 to avoid the risk of choking.
- Please have the appropriate tools and safety precautions to hand before assembly; assembly should be carried out by at least two people.
- When using height adjusters, ensure that they are securely and stably fastened and that all levelling feet are correctly inserted to ensure stability.
- Do not allow children to play inside the cupboard.
- Keep sufficient space around the cabinet to prevent it from tipping over unexpectedly.
- The cabinet is not suitable for use outdoors or in damp environments.
