

Product Safety Information

Plastic pallet Vivo

Manufacturer/Responsible Person: KIGA Kunststofftechnik GmbH, Gießener Straße 3, 57234 Wilnsdorf, Deutschland

E-Mail: info@kiga-gmbh.de

Please note the technical data of the products!

Article Numbers: 150046, 150045

Safety Instructions:

- Take care when using above the maximum load capacity to avoid structural damage; observe maximum load capacity: static: 7,500 kg, dynamic: 2,500 kg, in high-bay racking: 600 kg.
- The product must be used at temperatures between -30°C and +60°C to avoid material damage.
- Do not drop any heavy objects to avoid injury or damage.
- When using the pallet, ensure that the runners are not damaged.
- Do not use as a seat, as the pallet is not designed for this purpose.
- Take care when using; the pallet has no anti-slip edge, which can cause the load to slip.
- Be careful when transporting and stacking; the pallet can become unstable if it is not stacked properly.
