Safety Instructions:

- During use, ensure that the worktop is stable and does not exceed the maximum permissible surface load of 1,250 kg.
- The drawers should not be overloaded; the maximum load capacity is 100 kg.
- Ensure that the doors are fully open before using the workbench to avoid injury.
- The workbench is intended for indoor use; outdoor use may result in material damage.
- The workbench must be set up on a level surface to prevent tipping or wobbling.
- Keep children away from the workbench as it can be classified as dangerous.
