Article Numbers: 155158, 155157

Safety Instructions:

- Before use, ensure that the cabinet is stable, especially the mobile version.
- Do not exceed the maximum load limit of 200 kg of the worktop to prevent it from tipping over.
- Check the swivel castors regularly for damage and ensure that the brakes are working and activated to prevent unintentional rolling away.
- Use cable apertures and route cables safely to minimise the risk of tripping.
- Only use the multiple socket outlet in a dry place and not in the vicinity of liquids to avoid the risk of electric shock due to improper connection.
- Read the product instructions carefully before first use and follow the instructions.
- Before use, ensure that all components are fitted and securely fastened.
- Avoid the risk of suffocation from small parts, especially during assembly or in the event of overloading.
