Safety Instructions:

- The workbench is a heavy piece of furniture that can cause difficulties when moving when assembled. Please use assistance when lifting or transporting.
- Ensure that the workbench is placed on a level floor to prevent it from tipping over.
- Observe the maximum weight of 1,250 kg on the work surface to avoid damage or injury.
- The drawers had a load capacity of 100 kg. Do not overload the drawers.
- Keep the drawers and doors closed during use to prevent accidents.
- Only use the workbench in accordance with the intended instructions for use. Misuse can lead to danger.
- The powder coating can be an irritant; avoid direct contact over long periods and use suitable protective clothing.
- The workbench is not designed for outdoor use. Only use it indoors.
