Article Numbers: 154709, 154708, 154707, 154706

Safety Instructions:

- Choking hazard due to improper handling of small parts and the product is not suitable for children under 14 years of age.
- The drawers must be used properly to avoid the risk of injury, especially when pulling several drawers at the same time.
- The maximum load capacity of the drawers is 80 kg; this should not be exceeded in order to avoid injuries and material failure.
- Handle heavy objects with care to avoid the risk of injury from falling.
- Ensure that the product is stable to avoid tipping when the drawers are open; place on a level surface.
- Drawers should not be opened at the same time to avoid tipping over or injury. The drawer lock should be used to prevent this.
- Ensure that the drawer locking mechanism works properly to prevent unintentional opening.
- The edges and corners of the drawers may be sharp: Please handle with care.
- Avoid storing hazardous substances or chemicals in the drawers.
- Use the central lock to prevent unauthorised access.
- The product is not suitable for use by children under 3 years of age as it contains small parts that could pose a choking hazard.
