Safety Instructions:

- Ensure that the dispenser is only filled with suitable liquids to avoid the risk of contamination or chemical reactions.
- The dispenser should be securely mounted on the wall to prevent it from tipping over or falling.
- Use the dispenser according to the manufacturer's instructions to avoid improper use.
- Point out the need for regular cleaning and maintenance of the dispenser to ensure hygienic conditions.
- Before use, make sure that the cavities of the bottle are completely dry to prevent the formation of mould or bacteria.
- Do not store or use the product at temperatures above 50 °C to prevent damage to the materials.
- Use the dispenser only for its intended use; do not use with chemicals that are not suitable for contact with aluminium.
- Keep the dispenser away from children and pets to avoid injury or improper use.
- If the dispenser malfunctions or leaks, stop using it immediately and contact the manufacturer.
