

Product Safety Information

Insert box EK 4081, blue, PP

Manufacturer/Responsible Person: Schäfer Shop GmbH, Industriestraße 65, 57518 Betzdorf, Deutschland

E-Mail: info@schaefer-shop.de

Please note the technical data of the products!

Article Numbers: 35109, 150815

Safety Instructions:

- Use at extreme temperatures (-20° to +80° C) can affect the material properties. When used in extreme temperatures, check the structural integrity regularly.
- Contact with aggressive chemicals can cause the material to age.
- Ensure that the insert box is not overloaded to prevent mechanical damage.
- Suitable for indoor use. In outdoor areas, UV radiation can damage the material. Protect from direct sunlight to avoid discolouration or deformation.
- Not suitable for use with food.
- Please keep away from children as it may contain small parts that could cause a choking hazard.
- If handled incorrectly, sharp edges or corners can cause injuries.
