Article Number: 882461

Safety Instructions:

- Carry out regular maintenance work on the waste bin to ensure its functionality and safety.
- Make sure that the container is securely fastened to the floor to prevent it from tipping over.
- Avoid throwing hot or hazardous waste into the container to prevent the risk of fire.
- Only use the triangular spanner supplied for emptying the container as intended and do not allow children to play with it.
- Observe the maximum filling quantity of 35 litres to prevent the container from overflowing.
