Safety Instructions:

- Make sure that the base is stable and securely mounted to prevent tipping and falling over.
- During assembly, ensure that the components are firmly and correctly tightened.
- Keep the base away from heat sources, fire and extreme temperatures to prevent material damage.
- Avoid direct contact with water to minimise electrotechnical risks.
- Avoid sharp edges and points or ensure that they are rounded to prevent injuries.
- Follow the assembly instructions carefully to prevent improper assembly.
- Keep the product away from children as long as it is not classified as childproof.
- There is a risk of injury in the event of improper handling or installation.
- For safe handling, follow the instructions for installation and use.
