Safety Instructions:

- Make sure that the cabinet is placed on a stable base to prevent it from tipping over.
- Avoid overloading the cupboard or placing heavy objects on the top shelves so as not to impair stability.
- Attach the cabinet to the wall according to the enclosed instructions to ensure stability.
- Avoid contact of the cabinet with open flames, direct heat sources or damp areas.
- Ensure that the cabinet door is secured with a suitable mechanism if necessary and is fully open to prevent crushing.
- Small parts, assembly instructions and sharp edges should be kept away from children to avoid the risk of injury and suffocation.
- The product is suitable for adults, not for children under 3 years of age due to possible risk of injury.
- Regularly check the functionality of the espagnolette lock and ensure that the doors are securely and correctly fitted.
- Keep the cabinet away from small children to prevent injuries caused by pinching.
- All instructions supplied must be followed carefully for installation and handling.
