Article Numbers: 19836, 19835, 19833

Safety Instructions:

- Secure the coat stand and check its stability regularly, especially on movable models, to prevent it from tipping over.
- Make sure that the coat stand is only placed on a stable and level surface.
- Avoid overloading the hooks and the coat rack with heavy objects to prevent breakage.
- Keep small parts out of the reach of children to avoid the risk of choking.
- Make sure that no heavy objects can fall from the coat rack.
- The coat rack should only be used for its intended purpose in order to avoid accidents.
- Keep the coat rack away from children's play areas to minimise the risk of falling.
- Check the hook fastenings regularly to ensure that they are secure.
