

Product Safety Information

Telescopic loader type KTH 2,5

Please note the technical data of the products!

Article Numbers: 76088, 76087

Safety Instructions:

- The telehandler may only be operated by qualified personnel.
- Before use, check the load capacities and positions according to the instructions.
- Secure the chain before use to prevent unintentional slipping.
- Do not exceed the maximum load capacity to avoid structural damage and injury.
- Ensure that the telehandler is used on firm, level ground.
- Wear protective clothing, including helmet and gloves, during operation.
- In the event of unusual noises or behaviour, stop using the appliance immediately and have it checked.
- Read and understand the general safety instructions and instructions for use before use.
- Choking hazard due to improper handling of small parts.
- Overloading the telehandler can lead to structural damage.
- Risk of injury due to improper use of the swivel hooks.
- Risk of accident due to incorrect adjustment of the height adjustment.
- Safety instructions for proper securing with locking pins must be observed.
