Safety Instructions:

- Follow the safety instructions to avoid the risk of injury when handling drawer partitions.
- The drawer dividers must not be used for children under 3 years of age, as there is a risk of choking and swallowing small parts.
- Dividers should only be used for the intended applications and in accordance with the assembly instructions in order to avoid mechanical hazards.
- Ensure that the drawer dividers are installed and used correctly to avoid injury.
- Provide clear instructions for safe handling, especially to avoid crushing.
- Avoid improper use, which could lead to damage to the partitions or dividers.
- Do not bring sheet steel materials into direct contact with water to prevent rusting.
- The use of protective gloves is recommended to avoid injury during installation or handling.
- Ensure safe storage of small parts to prevent injuries.
- Use only in suitable drawers in accordance with the specifications.
- Ensure correct assembly and handling to guarantee stability and safety.
- Drawer dividers are made of sheet steel; there is a risk of injury from sharp edges.
- Check all fastenings before use, as improperly fitted parts can break off.
